1. The term "Board" as found in these rules & regulations refers to the Board of Directors of the Howard County Agricultural Society.
2. Violation of any of these Rules and Regulations, and the Show Ring Code of Ethics, of the Fair, shall result in disciplinary action by a committee, acting for and appointed by the Board.
3. The Howard County Agricultural Society reserves to its Board the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions, and differences in regard thereto, or otherwise arising out of, connected with, or incidental to the fair.
4. In the event of conflict between the general and special rules, the latter will govern.

JUDGING & JUDGES

1. Judges are required to read carefully the general rules and special rules under the heading of the department in which they are to serve, previous to entering upon their duties, and to specifically note and mark those bearing on the classes to be judged by them. Judges are required to meet with department superintendent and Fair office prior to the show to finalize show schedule and rules.
2. Judges must not award prizes to an unworthy animal or exhibit. It is the intention of the Fair Board that no premium or distinction of any kind shall be given to an exhibit that is not deserving. This rule must be strictly adhered to whether there is competition or not.
3. Where there are fewer entries in the class than the number of premiums offered, judges may in their discretion, award a prize or prizes of such grade as the exhibit deserves.
4. Judges must report to the Superintendent of the department any exhibitor, who in any way, whether in person or by agents interfere with them during the judging or showing any disrespect to them. Whereupon the Superintendent shall, at his discretion, demand a proper apology or exclude him from further competition, and the Board may withhold from such exhibitor any premiums earned, and expel them from further exhibiting at the Fair.
5. In the case of all junior departments, absolutely no parental participation in the judging is allowed. The exhibitor is responsible for the actions of his/her parents, guardians, and other family members and friends that intercede in the judging of that exhibitor.
6. The judge and person acting as clerk to the judge must take special pains after making an award to see that the same is properly entered in the award class.
7. The decision of every judge shall be final in all cases, except where error, fraud, misrepresentation, or collusion, discovered at time of award is obvious. In such case, the Superintendent may render a decision.

1. All entries must be filed with the department superintendent and in its proper place at the time listed.
2. All entries must be made on forms provided by the Fair.
3. Should any individual enter an animal or article in a name other than the bona fide owner or attempt to perpetrate a fraud by misrepresenting any fact, the entry thus made shall not be allowed to compete for any premiums. In case as to the age of any animal, the superintendent shall appoint an expert whose decision will be final.
4. Exhibits, which may have been erroneously entered, may, at the digression of the Fair Secretary and the Superintendent of the department, be transferred to their proper class before judging. In case such classes have been judged they shall not be re-judged.
5. No animal can be entered or exhibited as a purebred unless the same has been recorded in the recognized books of record for their respective breeds, and exhibitors must produce certificates of registry at the request of the Superintendent in charge any time during the Fair.
6. Stall and pens will not be reserved unless the required fee accompanies application. All stall or pen rates will be doubled when occupied by animals not exhibited.
7. All premiums and awards earned by an Exhibitor will be forfeited if the Exhibitor's entries, or any part of the entries, are removed before the designated checkout time. This also applies to any entries left after designated checkout time.
8. Fair Office and department superintendents make stall assignments. Any changes made in stall assignments without permission of Fair Office and Superintendent will result in forfeiture of all awards and premiums earned by the exhibitor(s) involved. In case of involvement by non-exhibitors, those exhibitor(s) who benefit from the situation will be penalized.

3. If the award for a competition is something other than ribbons (plaque, trophy, banner etc.), then ribbons will not be given.
4. If an entry is made up of more than one person, it shall be referred to as a 'group entry'. If a group entry wins a major award (plaque, rosette or similar), the group entry shall be awarded the award that represents the competition of which the group entry participated in, and members of the group entry shall each receive a blue ribbon.
5. Should circumstances beyond the control of the Society prevent the usual income and thus diminish the funds so far as to fall short of funds to pay premiums in full they will be paid pro rata.
6. Special prizes will not be accepted for classes that do not conform to the regular classifications of the department in which they are offered unless for urgent reasons satisfactory to the Board and the Superintendent of the department in which they are offered.
7. Specials are limited to money prizes or articles of intrinsic value. Cups, medals, or other articles offered as special must be in the hands of the Secretary on opening day of the Fair or awards will not be made. The Board, in no way, will guarantee the delivery of such prizes offered.
8. No animals will be awarded a prize unless promptly brought into the show ring when class is called.
9. All entries will compete for listed premiums in the Class or Class LOT they are entered in. Should any Classes or Class LOTS be combined for any reason, premiums will be paid for the Class or Class LOT the entries are competing in. Premiums will not be combined between Classes or Class LOTS.
10. The Society will have absolute jurisdiction over all awards, premiums and trophies presented to exhibitors. Any special awards, other than those presented by the Society, must first be approved by the Society.

PROTESTS

1. All protests must be made in writing and accompanied by a deposit of \$30 in the livestock department and \$20 in all other departments, which will be forfeited if protest is not sustained.
2. Such protest must state plainly the cause of the complaint or appeal and must be filed with the Secretary within 12 hours after cause of protest.
3. The Board will consider no complaint or appeal based upon the statement that the judge or judges are incompetent.
4. Where the protest is to be made against the competition of an animal or article in any class, notice of the same should be filed with the Superintendent of the department before the class is passed upon, that the judges may be instructed to place a reserve award, that premiums may be properly distributed in the event of the protest being sustained.
5. The person(s), exhibitor, or agent of the same, who the protest decision is rendered against, shall pay all costs incurred in resolving the protest, including fees paid to persons hired by the Board to test, investigate and evaluate the animal or article that has been protested.
6. Some decisions cannot be protested or appealed and those are:

Animal Care Policy

Purpose of the Animal Care Policy

The Animal Care Policy was established to ensure all animals involved with events of the Society receive the best care that is possible and practical. Some attendees of these vents are not familiar with common standards of care for livestock, pets and other animals. The animal displays and exhibits are intended to provide education and enjoyment for exhibitors and the public. The Society diligently works to enhance the image of animal ownership and to provide a positive experience for all.

General

- The Society does not tolerate animal cruelty, abuse, neglect or discomfort.
- The image of quality care is as important as the reality.
- The Fair serves as a teaching medium, and offers the opportunity to educate the public about animal husbandry.
- The Fair provides a positive venue for exhibition, education and competition for youth and adults.
- The Society recognizes the standards of animal care have changed throughout the years.
- The role of animals, especially companion animals, in the quality of life of many members of the public has increased.
- Some may confuse tradition with acceptable standards. They are not the same.
- The Society works to ensure the safety of the public as well as animals at the Fair.

Superintendents of the Fair

- Superintendents are responsible to the Fair for ensuring accepted standards of animal care and for assisting in the enforcement of the rules/regulations of the Fair.
- Animals, contests, displays, pens and related environment should be viewed from the perspective of Fair visitors who know little about husbandry, the standards of care and related matters.
- Animals should be clean, well-bedded, fed and watered at all times.
- Problems and concerns should be called to the attention of the exhibitors immediately.
- Violations should be dealt with in a professional manner, but Superintendents should insist on corrective action.
- Report evidence of disease, significant discomfort and other serious problems to the Fair Veterinarians and to Fair Management.
- Animal abuse or neglect is cause for removal from the Fairgrounds. This action should be taken by the Fair Veterinarian.
- Rules require that all animal treatments, injections or administration of medications, including oral medications, must be approved by the Fair Veterinarians. **This means all animals, all classes, no exceptions.**
- Watch carefully for signs of discomfort or distress, especially heat stress, and take corrective action immediately.
- Any animal showing signs of infectious or contagious disease will be immediately isolated and removed from the Fairgrounds as soon as possible.
- The Board has implemented a policy that no pets will be allowed on the Fairgrounds, except for exhibition or those that provide assistance such as guide dogs for the blind.

Regulatory Matters

- The Iowa Department of Agriculture and Land Stewardship Veterinarians are responsible for enforcing state and federal animal disease control regulations. Only the IDALS Veterinarians and their designees have authority to make decisions related to disposition of animals that have or are suspected of having an infectious or contagious animal disease.
- All animals must be free of infectious, contagious or communicable disease or exposure thereto.
- Issues related to control of infectious diseases and regulatory matters shall be referred to the State Veterinarian or members of his staff.
- Animal drug use is governed by the Food and Drug Administration of the U.S. Department of Health and Human Services. Illegal use of animal drugs is a criminal violation of the U.S. Food, Drug, and Cosmetic Act, Animal Medical Drug Use Clarification Act, and other laws and regulations of the FDA.
- Rigorous control of veterinary drugs in show animals is necessary in order to protect the reputation of the Society and the market for animals exhibited at the Fair.

Fair Veterinarians

- The Fair Veterinarians are responsible for the delivery of veterinary services and performance of health procedures at the Fair.
- All issues of animal care, welfare or health should be referred to the Fair Veterinarians.
- The Veterinarians will report all major health and animal care issues to Fair Management.

Other Personnel

- It is the responsibility of Board Members, employees, volunteers and especially the exhibitors to help provide and enforce high standards of animal care at the Fair.
- Discrepancies or concerns should be reported to the Superintendents, responsible employees, Veterinarians and Board Members.
- Confrontation should be avoided, if possible, but animal abuse or neglect will not be tolerated.

Biosecurity

- Signs that address prevention or introduction of contagious foreign animal diseases are posted throughout exhibition areas.
- Food is discouraged in all livestock housing and showing facilities.
- No raw food products prepared in a foreign country may be brought onto the property of the Society.
- Questions regarding these matters should be addressed to the Management.
- Being alert and observant can do much to help protect the livestock industry of the state and nation.

Protests and Demonstrations

- The Society recognizes the First Amendment of the US Constitution relating to free speech.
- If confrontations or protests occur or appear likely to occur, notify the Society's Manager and/or President of the Board immediately. Do not take personal or direct action.
- Media questions about protests, picketing or issues related to animal care should be addressed by the Manager, the Board President or their designees.
- Rules for protests/demonstrations on property of the Howard County Agricultural Society:
 - No individual or group may interrupt the normal activities of the Fair or other events of the Society.
 - Handing out literature of any type must be from a rented booth or similar facility.
 - A protest/demonstration must be arranged with Management of the Society.
 - Amplified methods are not allowed at any protest/demonstration.
 - Protesting/demonstrating group or individual shall be responsible for the proper disposal at their expense of any or all debris resulting in their event.
 - Protesting/demonstrating group or individual shall be responsible for the actions of all persons involved during their event and shall be held responsible for the actions of all persons.
 - Location of a protest/demonstration shall be in west parking lot adjacent to horse arena.
 - A protest/demonstration shall be allowed between 6:00 a.m. to 8:00 a.m.
 - The Society shall not held liable for any actions or activities brought forth by and group or individual participating in a protest/demonstration.
 - The Society reserves final and absolute right to interpret these rules and to settle and determine arbitrarily all matters regarding protesting/demonstrating at any event/activity of the Society.

Swine are required to be inspected either before being unloaded or before leaving a designated isolation and inspection area (prior to mixing with any other pigs). All animals moving from out of state into an Iowa county 4H/FFA Fair must meet Iowa Animal and Livestock Importation requirements. Each show must have an official veterinarian.

Quarantined animals or animals from quarantined herds cannot be exhibited.

IOWA YOUTH CODE OF ETHICS

A hard copy, signed by the exhibitor and parent/guardian, must be on file at The Extension Office.

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the code of ethics or allows another person (adult or peer) to talk them into violating the code of ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state or regional exhibitions.

Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc.), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.
3. I will treat all people and animals with respect. I will provide appropriate care for animals.
4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
5. All food animals that may be harvested immediately following the show shall be safe for consumers and shall have met all withdrawal times for all medications, and be free of violative drug residue.
6. If any animal requires medical treatment while at the fair or exhibition, only a licensed veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
7. My animal's appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent and/or guardian by the management of the fair or exhibition.
8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the premium book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.
11. I am responsible for my exhibit and I will not allow others to violate this code on my behalf. By my entering an exhibit in this fair or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this code of ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.
12. I want my exhibit to be an example of how to accept what life has to offer both, good and not so good, and how live with and learn from the outcome.
13. I will not be involved in any illegal activities while participating in 4-H and FFA events, including but not limited to alcohol, tobacco or drug use.

I agree to conduct myself in an honest, ethical, and upstanding manner and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, understand and agree to follow this code of ethics, and any other rules of competition of the fair or exhibition as printed in its premium book.

JUNIOR LIVESTOCK RIBBON AUCTION

Sunday, June 30 -- 12:30 p.m., CUSB Bank Arena, Reicks View Ag Education Center

Sale Order for 2024: Sheep, Swine, Dairy, Rabbit, Poultry, Meat Goat, Horse, and Beef.

This ribbon auction serves as a bonus to the exhibitors and as an encouragement for raising, fitting and showing their livestock projects. The ribbon buyer will receive a duplicate ribbon, certificate of purchase and a picture of the exhibitor with his/her livestock project.

1. No change of ownership of animals occurs at this auction. Only the ribbons earned during the various shows are offered at the auction. The exhibitors have the opportunity to market their animals as they see fit (with the exception of animals in the facility swine program, which are transported to the packer).
2. **Exhibitor must be present at the auction if his or her ribbon is to be sold.** If an exhibitor does not attend auction, his/her ribbon will not be offered for sale.
3. Exhibitor is to lead his/her own animal that has earned the ribbon into selling ring unless it is determined by Fair office that the animal not be led into the ring. If an exhibitor has a physical condition that is deemed to be unsafe for the exhibitor to lead his/her animal into the ring, the exhibitor may have another person lead his/her animal into the ring.
4. **Each exhibitor is limited to selling one ribbon per 4-H member and one ribbon per FFA member.** Associate and Clover Kid 4-H members are not allowed to participate in the auction.
5. Exhibitor is responsible for animals displayed with their ribbon at auction. After the auction is over, all swine will be transported to packer on Sunday for slaughter. All other breeds are the responsibility of the owner.
6. A sale commission (17%) will be withheld from the exhibitor's ribbon sale to pay for administration costs of the auction. Any moneys left over after all expenses have been paid will be split between exhibitors' organization to fund future club projects, and used for improvements to livestock facilities.
7. In order for an exhibitor to qualify for inclusion in the auction, the exhibitor must have shown the project in its respective department at the current year's Fair.
8. If an exhibitor's animal is registered or has been ID'd for the Iowa State Fair, only the exhibitor and the ribbon can enter the show ring.

All 4-H Horse related events require the use of ASTM/SEI approved protective headgear with chin strap and properly fitted harness when mounted and riding and driving -- every time, every ride. This includes workshops, practices, clinics, parades drill teams, and all other events where 4-H'ers are riding as 4-H'ers under the clover program.

- ⇒ Showmanship at halter regulations: In this class, the horse is the means through which the member exhibits his or her ability to show a horse or pony at halter. Therefore, no consideration is given to the horse's conformation, but to the way the horse is fitted, groomed, and exhibited. The judge may ask the contestants questions concerning management, parts of the horse, etc.
- ⇒ The following general procedure and suggested outline is for halter classes and should be used as fitting showmanship guides for both exhibitor and judge. Fine or technical points should never be overemphasized to the extent that they are given more weight than an effective job of presenting a clean animal. Nor should minor infractions result in the disqualification of a showman.
 - All exhibitors are eligible to enter the showmanship contest. Showmanship classes are divided according to the age of exhibitor.
 - Either all exhibitors or those selected as finalists will gather at the arena at the proper time. Upon call, the contestants will enter the arena and exhibit as a group.

For the 2024 Cookie Challenge at the Mighty Howard County Fair, the cookie is Birthday Cake Cookies!! Recipe below.

[\(https://thetoastykitchen.com/birthday-cake-cookies/\)](https://thetoastykitchen.com/birthday-cake-cookies/)

Ingredients

- 1 cup (226 g) unsalted butter, room temperature
- ½ cup (99 g) granulated sugar
- ¾ cup (160 g) brown sugar
- 2 large eggs, room temperature
- 1 ½ teaspoons vanilla extract
- ½ teaspoon almond extract
- 2 ¾ cups (330 g) all-purpose flour
- ¾ teaspoon salt
- ¾ teaspoon baking soda
- ½ cup (80 g) rainbow sprinkles
- 12 ounces (340 g) white chocolate chips

Instructions

- 1) In a large bowl, add butter and sugars. Using a hand mixer or stand mixer, cream together until light and fluffy. Add eggs, vanilla extract, and almond extract. Beat until light and fluffy, about 1-2 minutes.
- 2) In a separate bowl, whisk (or sift) together the flour, salt, and baking soda. Gently stir dry ingredients into butter mixture until just combined (do not overmix).
- 3) Add white chocolate chips and sprinkles and stir until just combined.
- 4) Cover bowl or wrap dough in wax paper. Chill for at least 1 hour (up to 24 hours) in the refrigerator. Refrigerating allows the flavors meld and also creates a firmer dough to roll into balls.
- 5) Preheat oven to 350 degrees Fahrenheit and line a baking sheet with parchment paper. Set aside.
- 6) Remove dough from refrigerator. Scoop dough using a 1.5 tablespoon scoop or shape by hand into 1.5 inch balls.
- 7) Place cookie dough balls 2 inches apart onto a parchment lined baking sheet. Bake for *about* 10-12 minutes, **or** until lightly browned around edges and across the tops. Allow to cool for 5 minutes before removing to a wire rack to cool completely.

Tip! Practice makes perfect, so be sure to practice your cookie challenge recipes before judging day so that you will be able to bring your best cookie to the contest!
